Steve:

Leroy informed me about CB&I discussions with Airgas on the equipment damaged during the initial sludge removal activities. I have not yet seen the assessment of this negotiations so I would need to approve it before it goes on the 1900-55 as a final. It should be included as a pending.

I would like an itemized list of the equipment included and the CB&I evaluation of the equipment worth based upon the age of the equipment provided by airgas and the fact that it is rental equipment. It certainly was not new equipment that was provided to us. Also, I would like you to go back through our list of equipment and provide me confirmation that the costs being charged do not exceed the contract rate

Thanks
